## VM370 Outlet for log rack

Art.no. 141319050

### Assembly descriptions

Duun  
Industrier as

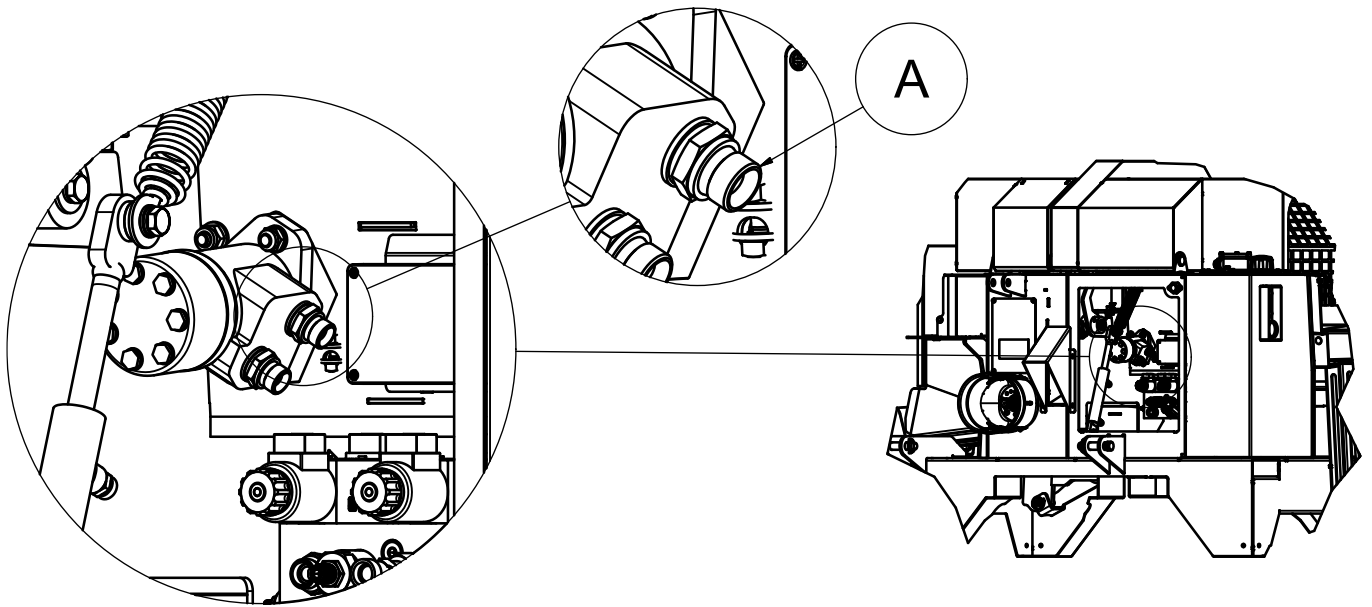

7630 Åsen, Norway

Tlf: +47 74 01 59 00

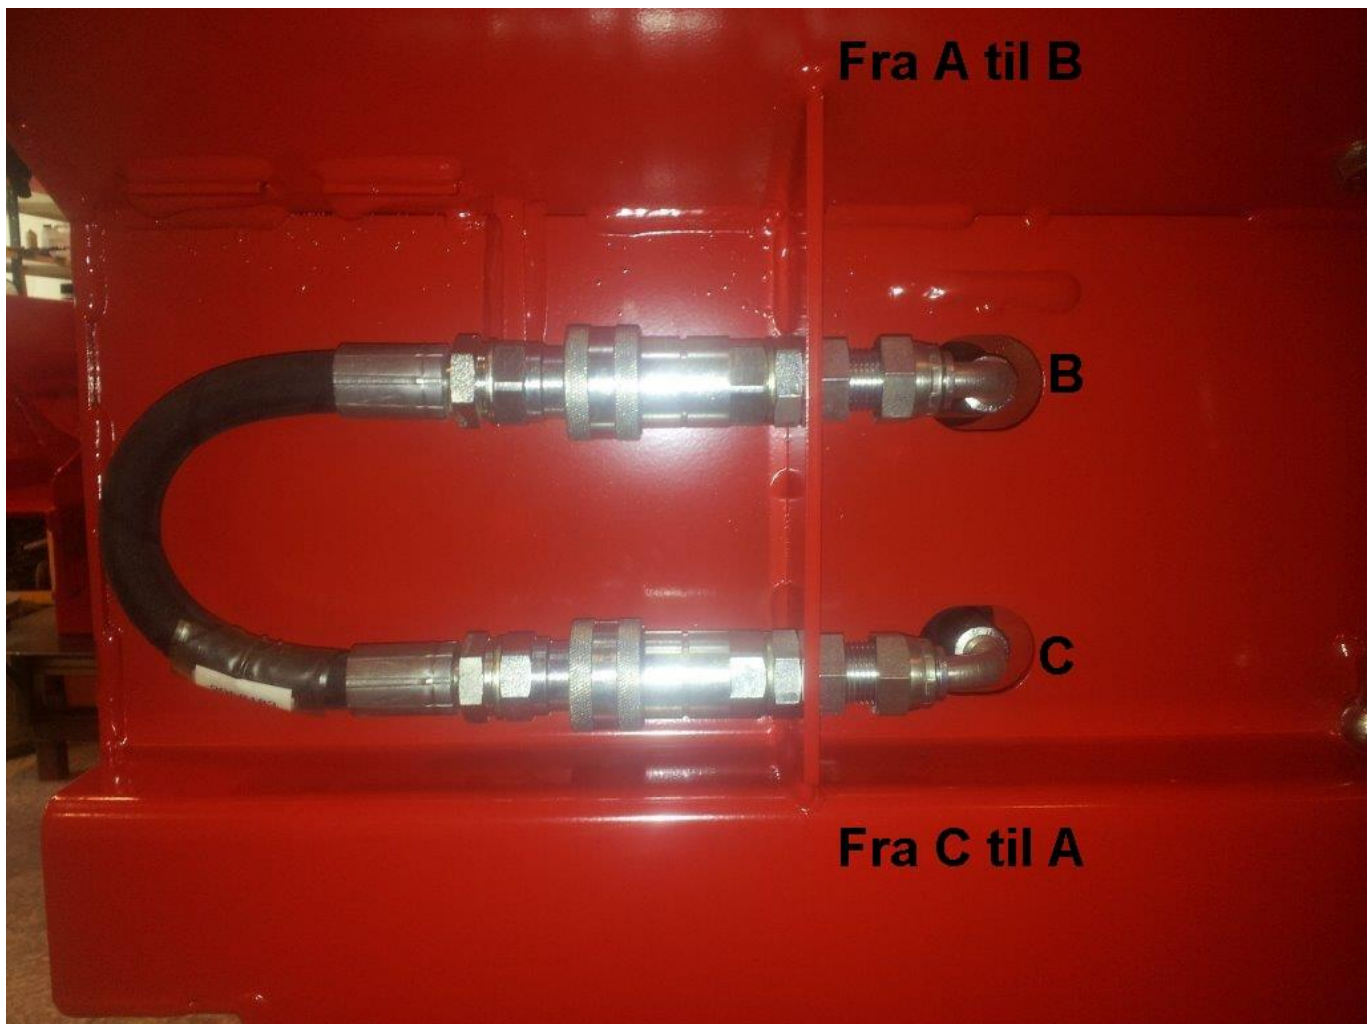

Fax: +47 74 01 59 10

Foretaksnr: NO 980.400.212.mva

[www.duun.no](http://www.duun.no)

- Mount the quick couplings as shown in the picture above.
- The existing hydraulic hose is moved from point A to point B.
- New hydraulic hose is connected between point C and A.

- The hydraulic hose that is connected between the quick couplings in the picture above is a bypass hose that must be used when the log rack is not in use.
